SSE and Coillte are proud to be launching the new Local Community Fund for Galway Wind Park, aimed at supporting local community groups and projects.

Applications will be accepted within a 20km radius of the wind park, for projects focused on energy efficiency, sustainability, safety, tourism, education

or recreation, with priority given to projects on a sliding scale based on distance from Galway Wind Park.

The application period for the Local Community Fund opens on Friday 16 March with the closing date extended to Monday 30 April.

Please note that two further elements of our Community Fund programme, focused on Major Projects and Scholarships, will be launched later in 2018.
